DE04 - Teacher Certification/Personnel System -- Web Page

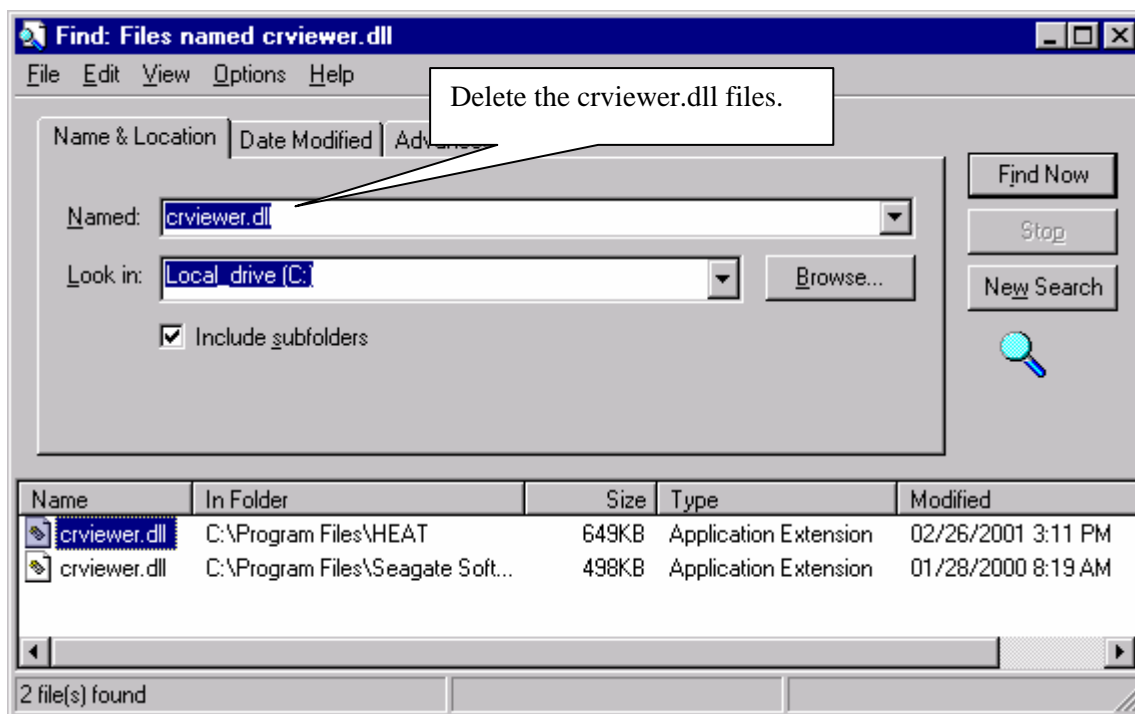

Enter criteria for report

School Year: 2004

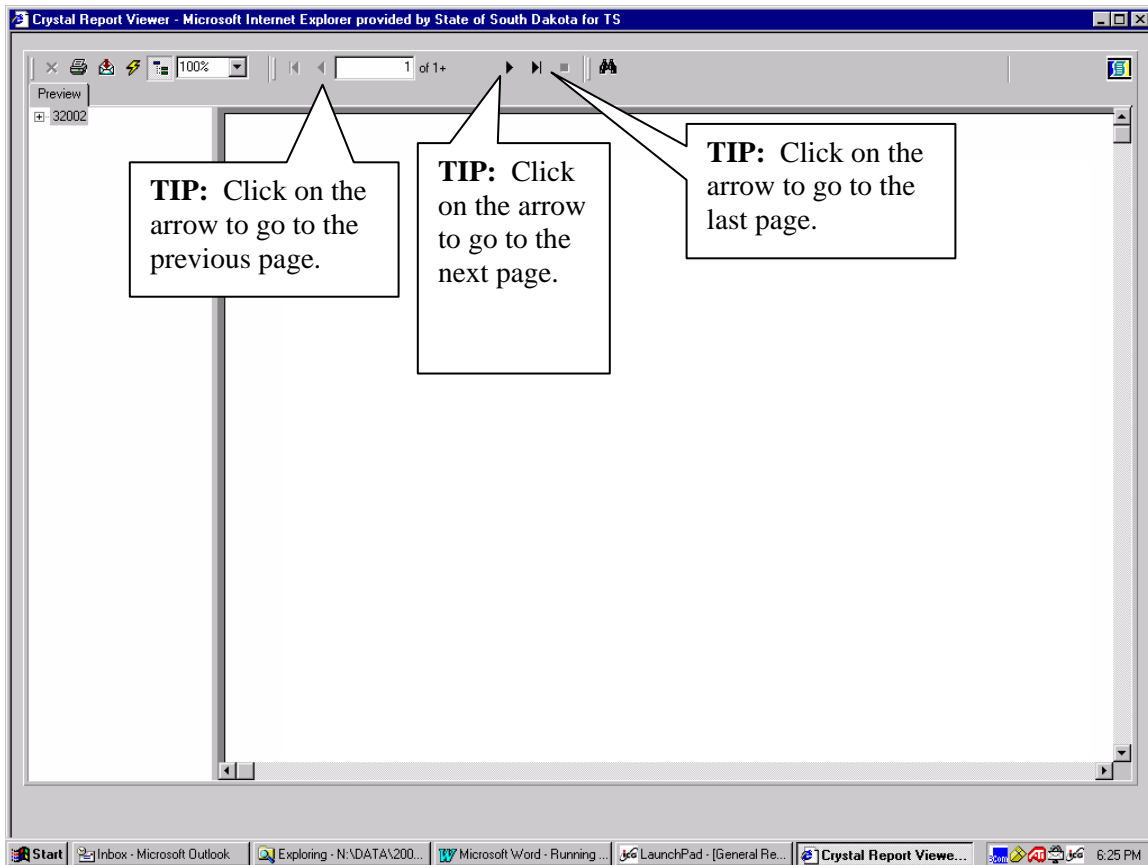

1. If you want to run the current school year reports, type in 2008. If you want to run last year's report, select 2007, etc.....
2. Click on "OK".

If you get the below error message when you are running a report on a PC:

"The Seagate Software ActiveX Viewer is unable to create it's resource objects.
To rectify this problem, please install Internet Explorer 4.0 or install DCOM for Windows 95 and the latest Microsoft Scripting Engine. These files are available at Microsoft's web site."

STEP #4: The report you selected will populate the Crystal Report Viewer

STEP #5: To close out of the report, click on the box with an "X" in it located in the upper right hand corner.

STEP #6: Follow the above steps to run another report.

Printing a Report

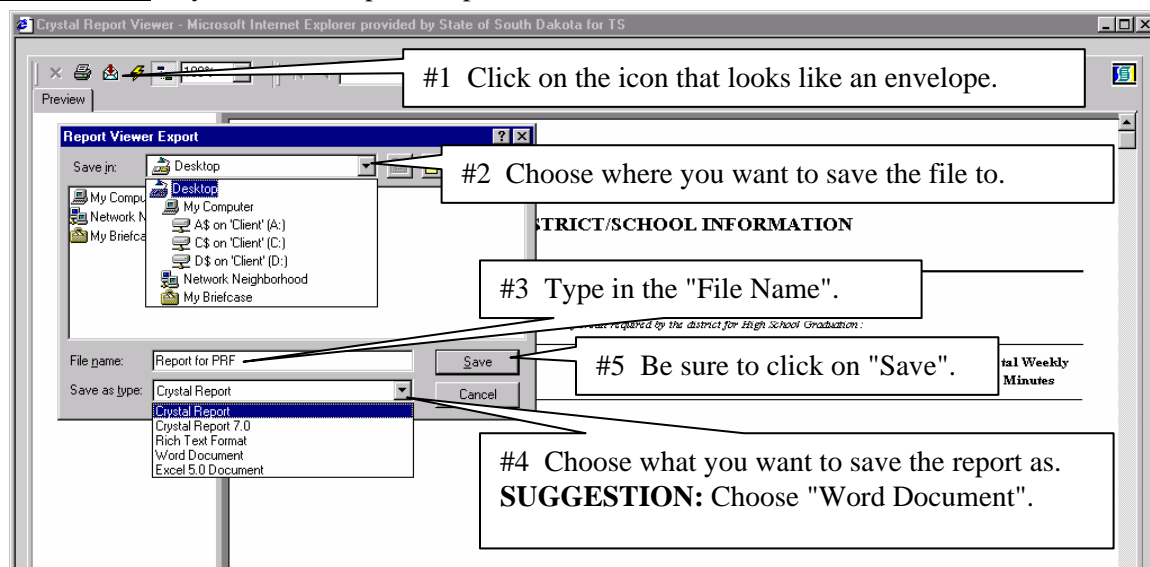

OPTION #1: If you want to print a report, follow the below steps:

1. Click on the icon that looks like a printer.
2. Select the appropriate printer to which you want to print to.
3. Set your print range. **WARNING:** If you are a larger district, you may need to set your print range (EX: First time set your print range from 1 to 30 and then 31 to 60 and then etc...) depending on the buffer size for the printer.
4. Enter the number or copies
5. Click on "OK".

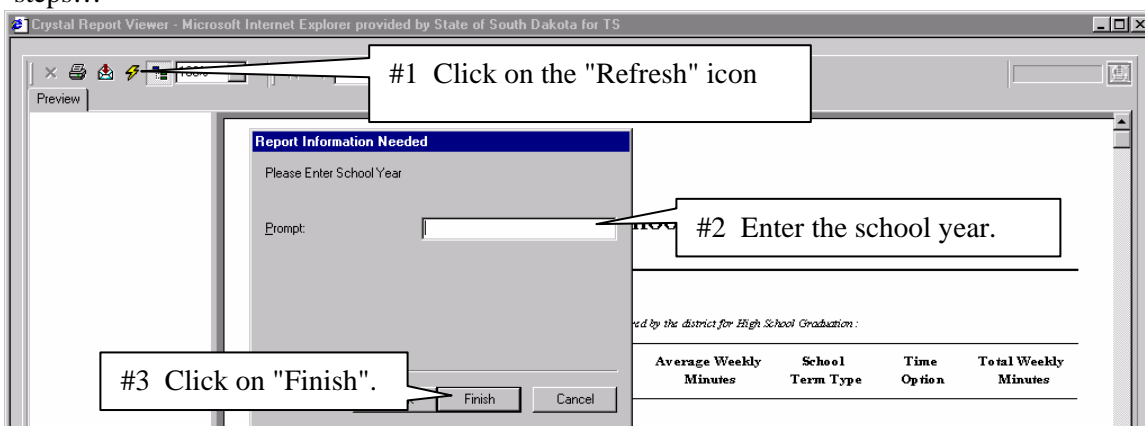

Exporting a Report

OPTION #2: If you want to export a report to Word, Excel, etc...

Refreshing a Report

OPTION #3: If you have encoded some data and want to refresh the screen, follow the below steps...

Searching for Text

OPTION #4: If you want to search for some text, follow the below steps...
